How many participants in total attended the event? **50**  
Attendees background: **Young Professionals & Student**

**LEAPin** Skopje 2021 is organized for the 1<sup>st</sup> year in Montenegro by LDA Balkan. LEAPin Montenegro is a conference that brought together 10 speakers from different fields. Speakers were well-known individuals who have succeeded in various fields such as entrepreneurship, politics, art, education, culture, acting, journalism, television, and so on.

**LEAP stands for Learn, Engage, Act, Progress** and aims to bring together in a long interesting summit several motivational speakers, that will share their life experiences and motivate youth to achieve their goals. An important part of the LEAPin Conference is the model that inflict on participants about being civilly engaged and how being part of the community will improve their future and will make progress felt in previous generations. All the challenges a youngster can face nowadays in order to succeed is shared by the speakers with the public. At the end of this conference, youngsters would have a renewed mindset towards success and opportunities that can be found in our country.

### **Identity**

LDA Balkan is a non-profit non-governmental organization run by young professionals, focused on leadership, democracy, good governance, entrepreneurship, technology & innovation, professional growth, and many management areas. We work towards empowering citizenship education and creating an equal society in Balkan.

**Our vision** is to help young individuals to realize their potential and become leaders and change-makers in their community. The young generation has the potential to solve the most complex problems of our society. We strive to inspire global youth for constructive engagement and enhance their professional and personal skills through collaborative partnership, international educational & cultural exchange, training, and volunteerism.

**Our mission** is to create an international platform that helps young individuals to develop their personal and professional skills through working within an international environment. We aim to develop ethical and moral principles in young people as we believe that young people's potential is a movement for the future, for a better tomorrow.

LDA Balkan has more than **250** registered members from all over the Balkan region, who are willing to participate voluntarily in EU projects.

Our board of directors consists of one President, one Vice- President, one Administrator, and 10 (ten) member representatives by 2(two) from each country.
